JANE LOCKHART

*Principal of
Jane Lockhart Interior Design*

For a look that is both modern and timeless, I started with luxurious materials like custom Jane Lockhart cabinetry in Silver Mink, Silestone Eternal countertops in Calacatta, a marble chevron backsplash and a stunning pendant light. Contemporary, quality appliances add style and function. Finally, add classic detail with black hardware, choose a faucet with a pull-down spray option and finish with beautiful bar stools.

I chose a mixture of industrial elements and luxurious touches for this kitchen. I selected an Indian Brown brick veneer for the back wall. Yorkshire cabinetry in Evening Grey and Silestone Eternal Desert Silver countertops, carry a warm undertone while champagne bronze hardware and Sampson pendant lights add a touch of luxury. A professional 48" Heritage range makes this kitchen a chef's dream and industrial touches like the Bistro faucet and Yaletown stools finish the look.
